79001-82000	85.00%	90.00%	95.00%	100.00%					
82001-85000	90.00%	95.00%	100.00%						
85001-88000	95.00%	100.00%							
88001+	100.00%								
The above percentages reflects the amount to be paid by the client. This is considered the client's co-payment for services									
If client is married the total combined monthly income is divided by 2									
Ongoing monthly medical expenses may be deducted from the monthly income figures. For married Couples the combined									
medical expenses are subtracted from the combined monthly income.
